Dear Valued Partner,

It is a great pleasure to inform you that on September 1st, Soft Design RTS AB and atab automationsteknik AB under our common brand name MAXAGV were acquired by Investment AB Latour (publ). <https://www.latour.se/en/press?page=/perma/press/2048629>

Latour makes long-term investments in companies that have proprietary products and brands, considerable growth potential supported by global megatrends, and good prospects for internationalization. Our new owners have a long history of international investments in industrial automation equipment including HMS (publ), Troax (publ) and Caljan.

Latour is a long-term industrial owner, and our perspectives are very much aligned in continued international growth. We are excited to launch a new chapter and look forward to continuing to support our partners in the industry with our AGVs for many years to come.
